WCC Website to Receive a Makeover!!!

World Cup Cheer and Dance is proud to announce our website will be receiving a terrific new look! We are thrilled to unveil the new site just in time for the Asia/Pacific Grand Finals! So now all of your friends and family watching the Live Web Stream around the world will do so on our brand new site! The new site will be fun, hip, interactive and most importantly easy to use! It will feature separate pages for Cheer, Dance and our Display categories. Your friends, coaches and athletes will be able to sign up for our mailing list quickly and easily, and hopefully soon be able to register for WCC events electronically! Keep up with us on Facebook and Twitter to find out when the new site is up and running so you can see for yourself!!

The WCC team has been hard at work updating the merchandise line. We are very excited to be making available HEAPS of cool new items at the WCC Finals next month. Among these will be a black WCC hoodie to keep you warm on cool summer nights, singlets and shorts for beautiful summer days, water bottles to keep you hydrated at the beach or training, bracelets and charms to accessorize your cutest outfits, and teddy bears for display or for snuggling! And the coolest part about our teddies?? They are cheerleader bears! You will have the option to personalize them with your own team's uniform designs and colors!! So now you and your squad can have your very own teddy mascot! See above!!

Sincerely,

Bryan Adams
